

# HOW WE PROTECT YOUR HEALTH

## Radiology and Breast Care Center

### VIRTUAL WAITING ROOM

When you arrive for your appointment, please park in the Main Parking Lot, remain in your car and call either Radiology at **781-453-3053 (choose option #1)** or the Breast Care Center at **781-453-3801**.

You'll be checked into a virtual waiting room and asked to wait in your car until your technologist is ready.

### STAFF ESCORTS

Once you enter our facility, staff members will accompany you throughout your visit.

### MASKING

All of our staff will be wearing masks. You will be provided a medical grade mask if you do not have a mask, or are wearing a cloth mask.

### GLOVES & HAND HYGIENE

Hand hygiene is so important! Our staff are hygiene champions and are happy to help you keep your hands clean. Hand sanitizer is available at entrances and throughout our facility. Please be aware that should you come wearing gloves, you may be asked to remove them and sanitize.

### CHANGING AND CLOTHING

Help us minimize the use of changing rooms and consider arriving for your exam in clothing without metal buttons, hooks or zippers. Leave your jewelry and valuables at home.

Please note that for MRI exams, you may still be asked to change for your safety.

### ROOM CLEANING

All rooms and surfaces that you encounter will be thoroughly cleaned and disinfected after you leave. We appreciate your patience as we sometime may need more time to clean your exam room before we bring you in.

TO MAKE A RADIOLOGY APPOINTMENT, PLEASE CALL 781-453-3044.
